Visitor Expectations

1. Each patient is limited to no more than two visitors at a time.
2. Persons under 18 years of age are not permitted to visit the unit.
3. Please arrive promptly so visitors can be safely and efficiently checked in.
4. Bozeman Health is a weapons-free environment. For the safety of all patients, staff and visitors, firearms and other weapons are not permitted in the hospital. All visitors will be screened with a security wand prior to entering the unit. If weapons are discovered, they must be returned to the owner's vehicle.
5. Visitors must sign in and acknowledge a confidentiality agreement to protect the privacy of all patients.
6. Do not bring personal belongings, as everything must fit into a small locker, including phone, keys, coat and similar items.
7. Any items brought in for patients will be reviewed by staff before being given to the patient. Because many patients are admitted for thoughts of harm to self or others, items that could pose a safety risk are prohibited. When deciding whether to bring an item, please consider its potential for laceration, ligature, suffocation, poisoning, overdose or other safety concerns.

9. Visitors are limited to designated spaces in the unit.
